## From the Editor's Desk

Dear Viewer,

### **Greetings from IISSM!**

It gives me immense pleasure to share that IISSM successfully conducted a customised four days program on Disaster Mgt & BCP for NOIDA based IT company from 19<sup>th</sup> to 22<sup>nd</sup> Mar followed by three days customised program on Anti Terrorism, Kidnapping & Hostage Situation Mgt from 26<sup>th</sup> to 28<sup>th</sup> Mar 2018. The second program was customised for the employees of the Reserve Bank of India (RBI) at our New Delhi location. The course reports are published above for your kind perusal and suggestions/ views.

We just witnessed the hottest month of March in last eight years. It does indicate the likely summer of the year, so let's prepare ourselves. Please note that the rise in temperature will witness frequent Power failure leading to increased use of Gen-sets & other power backups such as UPS, Inverters and so on. We therefore must take utmost precautions and prevent any untoward incident while using these power backups. The best practice as ever, is to have them serviced by qualified agencies. IISSM Courses are in progress. Do logon to our website [www.iissm.com](http://www.iissm.com) for more details on our useful courses and benefit from them.

**"Wishing you Happy Baisakhi"**

Good Luck & God Speed!
