## From the Editor's Desk

Dear Viewer,

### **Greetings from IISSM!**

The significance of May Day (1<sup>st</sup> May) is well known. In the late 19th century, May Day was chosen as the date for International Workers' Day by the Socialists and the Communists to commemorate the Haymarket affair in Chicago. We too celebrate the May Day in India. It also gives me pleasure to share that we successfully conducted Baggage Scanning and X – Ray Image Interpretation program from 26<sup>th</sup> to 28<sup>th</sup> Apr 2018 at our New Delhi location. We are now gearing up for training courses slated for the month of May. Besides, we are conducting Safety Audit of a manufacturing unit at Manesar (Gurugram) on 2<sup>nd</sup> & 3<sup>rd</sup> May 2018.

Do take proper precautions as the mercury is rising day by day.

**Wishing you safe days ahead.**

Good Luck & God Speed!
