

Certificate Course on Fire Safety Management

August 6-7, 2019, at New Delhi

OBJECTIVES :

The three main objectives of Fire Safety : The first and most important goal is Life Safety, which is to prevent injury and loss of life. Human life and health always take top priority in an emergency.

The second goal of fire prevention is to Prevent Property Damage. Though second to life safety, property damage should always be considered.

The final goal of fire prevention is Protection of Operations. By preventing fires and limiting damage, we can ensure that work operations will continue without interruption with intelligent and robust Business continuing planning.
