

CERTIFICATE COURSE : CONVERGENCE Physical / IT Security Management

Awareness is the first step in Safety. Take the course, upgrade your knowledge and create Safe & Secured working environment at your office and home.

Is your Premise Safe and Secured ?

With an ever changing climate of Technology and threats, the need for awareness and training to protect our information and premises becomes increasingly critical. This programme is designed on Convergence of the two vital areas - Physical as well Information Security that go hand in hand in the Corporate Security today. The course provides excellent opportunity to the Technologists to upgrade their knowledge and skills in their professional disciplines. The programme is built to augment physical Security and IT skills with best practices and pragmatic techniques that can be applied by Security Professionals in the present security scenario. This is one of the most popular programs of the IISSM.
