ISSM NEWS LETTER : ISSUE - 05 VOLUME : 03

APRIL 2019

Security, Safety, Fire Precautions & Emergency Response

The Security, Safety, Fire Precautions & Emergency Response Course conducted at ISSM, New Delhi from 01 -02 Mar 2019 and was a Great Success. The participants were from GAIL, Delhi, Jaipur, Auraiya (UP) and SAPL, Dahej (Gujarat).

The sessions were conducted with an Introduction to Fire Safety and Management, Risk Assessment, Disaster Management with detailed deliberations on Fire Safety Management. These were duly supported by discussions on Technological Tools and Applications in Fire Safety Management viz. Cameras, CCTV & its functioning, RFID, Biometric Devices & other Electronic Gadgets, DVR and Access Control Management, Business Continuity Planning (BCP), Cyber Security & Data Protection have been discussed which were very well received. In addition, special topic was introduced on "Fire safety management in Oil and Gas Industry" for the first time and discussed with great class participation. They were also trained to carry out an appreciation of the existing security situation and come out with Emergency Responses.

The following Faculty Members conducted the Course:-

Brigadier AK Pathak, [\(Retd\)](#), ISSM, Col Vishu Sikka

(Retd), Guest Faculty and Col (Dr.) M P Sen (Retd), ISSM.

It was a great experience to witness keen interest by the participants in new technologies that are available in the market for Fire Safety. There had been healthy interactions between the participants and the Faculty members.

All the Participants expressed that they would propagate this programme to be attended by their colleagues in the profession. They also felt that this course would help them to rearrange/improve their Security Management and Planning.

Overall the course was very well received and appreciated by the participants.

DK Siwan, GAIL, Auraiya(UP)

“ It was nice and very informative program. We can use its input in our organisations to improve Security & Safety.”

Pragnesh Shah, DGM-EHS, SAPL, Dahej (Gujarat)

“ Program Content is more with respect to time, and literature distribution before start up..”

“ It is a very Nice program for Fire Safety and Security Professionals. The topics such as ESS, Cyber security and Data Protection, Business Continuity planning were very useful...”

Planning for Launch of New Course on Financial Security Management

IISSM has been actively seeking to meet the demands of training for the professionals since its inception. It has been introducing new courses, designing/restructuring existing courses and customising courses for the clients since last 28 years. To meet the challenges of the modern era, IISSM is planning to launch new course on Financial Security for individual professionals as well as for Corporate houses. IISSM will now launch the first course on **“Financial Security for Professionals”** in the month of June 2019. The duration will be for one day and would be conducted on a Sunday. The topics which will be covered are : Introduction to Financial Security through Wealth Creation, Investment and Portfolio Management (Land/House/Shares/MFs/Commodities and Bonds), Tax Planning and Management, Insurance & Future Security and Internet Banking and Cyber Security.

“IISSM has been actively seeking to meet the demands of training for the professionals since its inception. It has been introducing new courses, designing/restructuring existing courses and customising courses for the clients since last 28 years. “

“ Mr. Rajan K Medhekar, DG and the Team IISSM discussing with one of the experts”

Now whole world is watching us as we make progress with the electioneering process across India and on 23 May 2019, we would know the outcome of the polls. This time again, it will be another mammoth exercise so far as our democratic system is concerned and biggest in terms of number of voters. It goes without saying that all of us whosoever has attained the voting age must cast their 'Vote'.

From Editor's Desk...

Dear Readers,

Greetings to you all!

Finally the long awaited season of spring visited and touched our lives for about two weeks or so. Though, it was very short but certainly gave respite from the biting cold of the winter which was pretty long (Nov- March) this year. But before we could enjoy the serenity and colourful bounty of the nature, this year's spring season is gone. With the Baishaki, the summer has made an official entry into the heartland of India.

On 24 March, 2019, 'Trauma Centre' of the All India Institute of Medical Sciences (AIIMS) caught fire. Fortunately, no lives were lost but it is a matter of serious concern. In the recent past, another Hospital (Fortis Hospital, NOIDA) was engulfed in fire and few lives were lost. In fact, we have already experienced couple of fire accidents in hotels, hospitals and other business organisations in last three months across the country and that calls for a serious introspection. It has been found that that these facilities were ill equipped in terms of 'Fire Fighting' facilities leave aside 'Fire Safety Clearance Certificate' from the 'Department of Fire Safety'. The Government of Delhi has cancelled licences of many hotels which were being run mostly from independent Bungalows only after the loss of precious lives in the fire accident of Hotel Arpit. If this be the case in Delhi, the capital of India, one can imagine the situation of other cities and *muffassil* towns! There is a need for implementing 'Fire Safety Regulations' specially the National Building Code (Chapter 4) of 2005 duly revised in 2016 which pertains to Fire safety in High Rise buildings.

Now whole world is watching us as we make progress with the electioneering process across India and on 23 May 2019, we would know the outcome of the polls. This time again, it will be another mammoth exercise so far as our democratic system is concerned and biggest in terms of number of voters. It goes without saying that all of us whosoever has attained the voting age must cast their 'Vote'.

While the Business world is busy in making an assessment of annual performances based on which they would be reviewing their market strategy to meet the challenges in the new financial year, we the Indian people just celebrated the Indian New Year *Vikrami Sambat 2076*. The new year of *Vikrami Sambat* calendar is celebrated on April 13/14/15 as *Vaisakhi* or *Baisakhi* and *Hola Mohalla* in north India, *Rongali Bihu* in Assam, *Tamil Putthnadu* in Tamil Nadu, *Vishu* in Kerala, *Bishuva Sankranti* in Odisha and *Poila Boishakh* in West Bengal. This is the beauty of Indian culture that we have em-

braced the Gregorian calendar and celebrate the New Year with the whole world on 01 January in western fashion but we celebrate our own New Year in the same traditional way which is continuing since Vedic era.

At the end, I wish you all a very happy 'Nava Varsha' of Vikrami Sambat.

Thanks and Best Regards,

Col (Dr.) MP Sen
